# THE CHEROKEE STRIP GOLF CLASSIC

benefiting The Opportunity Center

“The Strip” is the longest continuous, free-standing Pro-Am golf tournament in the United States but it's much more than golf. It's a three day extravaganza and it'll be the best three days of your year!

# OUR **WHY**

In 1961, a group of friends played an impromptu “golf tournament” to benefit the children of the newly formed Opportunity Center (OPC). The Cherokee Strip Golf Classic became official in 1962. The OPC was unique, and it was founded to help children with developmental disabilities receive training as each was able and to help them lead a more productive life. Over 60 years, OPC has evolved to provide training, services, and housing for these great people as they become adults and their needs change. Recently, OPC also expanded to include the Positive Impact program with a mission to provide children with services including Occupational Therapy, Physical Therapy, Speech Language Therapy, and Applied Behavior Analysis. The goal of Positive Impact is to provide early intervention services to maximize the potential of children with special needs by providing individualized, family-centered therapy services.

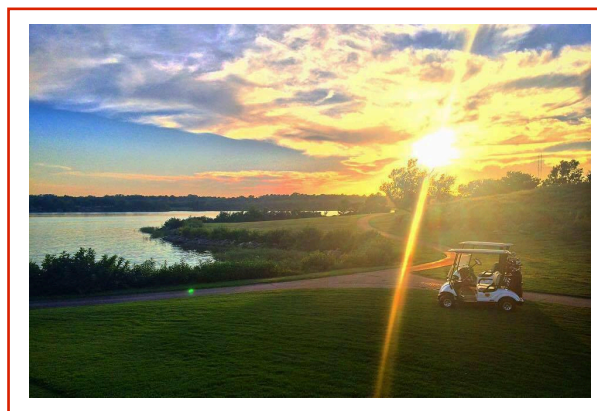

Proceeds from “The Strip” are imperative to the continued operation of the OPC and the services they provide for these wonderful people.
