## THE CHEROKEE STRIP GOLF CLASSIC

benefiting The Opportunity Center

"The Strip" is the longest continuous, free-standing Pro-Am golf tournament in the United States but it's much more than golf. It's a three-day jam-packed extravaganza and will be the best three days of your year!

# OUR PURPOSE

In 1961, a group of friends played an impromptu "golf tournament" to benefit the children of the newly formed Opportunity Center (OPI). The Cherokee strip golf classic was born. The OPI was unique and was founded to help children with developmental disabilities receive training to help them lead a more productive life. Over 60 years, OPI, has evolved to provide training, residential services and vocational services for these great people. OPI has expanded to include the Positive Impact program with a mission to provide children with services including Occupational Therapy, Physical Therapy, Speech Language Therapy and Applied Behavior Analysis. The goal of Positive Impact is to provide early intervention services to maximize the potential of children with special needs by providing individualized, family-centered therapy services.
